DARKENED ALLEY

November 15, 2001

Verse 1:
D2 A2/7 G2 C2
Darkened alley, all by myself, I don't know where I am
Look all around me, the world is not so well, so freezing and condemned

< ½ VERSE INSTRUMENTAL >

Verse 2:
Blindly walking, longing to see, unfocused as I lie
Simply stalking, abiding no creed, restraining my cry

Chorus:
Em2/7 D C2
And I need Your guiding light to help me with this fight D2
In the darkness, I fall on my knees, I'm so frightened will you please be here with me.

< ½ VERSE INSTRUMENTAL >

Verse 3:
Getting better, the light is shining in. This might just be my chance
As You enter, my life will now begin. As I walk I hold Your hands.

Verse 4:
I feel your presence, taking control as a smile warms my face
Your effervescence, soothes my soul; a child blessed with Grace

< CHORUS>

Refrain:
A2/7* G2* C2* A2/7* G2* C2*
My mind is storming, my body's thorning, my heart is yearning, for You
The sky opens, light's unbroken, Your words spoken, my sight is set on You.

< INSTRUMENTAL / IMPROV >

< CHORUS >
